

## PRESS INFORMATION

### ***Major new contracts for the AURES Group***

*Lisses (France) and Runcorn (UK) - 8<sup>th</sup> December 2011; AURES Technologies, manufacturer of the POSLIGNE® EPOS terminals, has announced that it signed several major contracts in November with **APPLICAM** and **IMPETO Medical**.*

*Worth over **€2 million in total**, these will be invoiced in 2012.*

*The projects relate to the supply of point of sale systems for cash desk and management operations in **mass catering**, as well as new applications in **scientific** and **medical fields**.*

- **POSLIGNE®** integrated POS terminals will be rolled out progressively by **APPLICAM** in **CNOUS** (*National Centre for School and University Services*) University Restaurants in France, as well as in catering centres for **restaurants** and **mess halls** at **French Joint Forces bases**.
- Meanwhile, the systems installed by **IMPETO Medical** will be used by healthcare professionals as part of highly innovative applications, including for example detection and prevention of diabetes and the risk of heart disease (*hospitals, medical centres, healthcare professionals, etc.*)

*“These new projects involve us working with significant, demanding partners, thus confirming our leadership and the highly relevant nature of our product offering,”* said Mr **Gilles BOUVART**, Director of Sales for AURES Technologies.

## About the AURES Group

Founded in 1989 and listed on Euronext Paris since 1999, the **AURES Group** manufactures point-of-sale terminals and systems as well as related peripherals, which it markets under the **POSLIGNE®** brand.

Acclaimed for its reliability and performance, this PC-based, open-system hardware is designed to provide management and till functions in specialist food and non-food stores, mass retail outlets, and the hotel and catering industry, as well as all other points of sale and service.

Offering EPOS featuring innovative designs and a wide range of fully interchangeable colours, the **AURES Group** is positioned as the most creative leader in its field.

Distribution of **POSLIGNE®** systems is based out of **AURES'** headquarters in France, the Group's three subsidiaries in the United Kingdom, Germany and the USA, and a partner network present in over 50 countries.

Working in complete synergy with the POS (point of sale) business, **AURES' "Equipment and Systems" Division (OEM)** also works closely with manufacturers, integrators and systems suppliers, providing them with product lines and sub-assemblies, including digital signage equipment.
